Driver Name and Signature (conditional):
AP0300

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Transporter Name, Address and Permit #:

Driver Name and Signature (conditional):

AP019A

Truck Plate;

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

AN745M *Paulo Jansen*

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket, the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Transporter Name, Address and Permit #:

Driver Name and Signature (conditional):

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Transporter Name, Address and Permit #:

Driver Name and Signature (conditional):
AN862Y

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Scale Operator Notes:

Part 4 TRANSPORTER DATA AND CERTIFICATION

Transporter Name, Address and Permit #:

Driver Name and Signature (conditional):

Truck Plate: **AN660Y**

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

TRANSPORTER DATA AND CERTIFICATION

Transporter Name, Address and Permit #:

Driver Name and Signature (conditional):

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Part 4 TRANSPORTER DATA AND CERTIFICATION

Transporter Name, Address and Permit #:	By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Transporter Name, Address and Permit #:

Driver Name and Signature (conditional):

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Part 4

TRANSPORTER DATA AND CERTIFICATION

Transporter Name, Address and Permit #: 	By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

ANOSOV *U-P*

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Driver Name and Signature (conditional):
Paulo Souza

Truck Plate: **AN745M**

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

Transporter Name, Address and Permit #:

Driver Name and Signature (conditional):

Truck Plate:

By signing this ticket the transport vehicle driver accepts sole responsibility and therefore assumes all liabilities for the gross weight of this divisible load of material scaled and accepted at the GM Linden Brownfield Facility. The driver acknowledges that he or she is solely responsible for compliance with all traffic safety rules and regulations for the operation and maintenance of the vehicle when transporting to, driving in and leaving from GM Linden Brownfield Facility. Further, the driver represents that he or she will immediately report any incidents of overloading or vehicle equipment failure/hazards associated with the vehicle to the owner of the vehicle, and in doing so will relieve Impact Environmental Consulting, Inc., its owners, employees and/or all of its affiliated companies including Duke Realty and its affiliated companies to serve any form of notice to the truck owner. Furthermore, driver accepts that he or she will abide by all posted safety procedures at the GM Linden Brownfield Facility as directed by its representatives.

CASE NARRATIVE / CONFORMANCE SUMMARY

Client: Langan Engineering & Environmental

Job No JA89405

Site: 400 Park Avenue South, New York, NY

Report Date 11/18/2011 11:43:36 A

On 10/18/2011, 12 Sample(s), 0 Trip Blank(s) and 0 Field Blank(s) were received at Accutest Laboratories at a temperature of 5 C. Samples were intact and chemically preserved, unless noted below. An Accutest Job Number of JA89405 was assigned to the project. Laboratory sample ID, client sample ID and dates of sample collection are detailed in the report's Results Summary Section.

Specified quality control criteria were achieved for this job except as noted below. For more information, please refer to the analytical results and QC summary pages.

Volatiles by GCMS By Method SW846 8260B

Matrix: LEACHATE **Batch ID:** GP61110

- Sample(s) JA89123-1LS were used as the QC samples indicated.

Matrix: SO **Batch ID:** VG6680

- All samples were analyzed within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA88958-15RMS, JA88958-20RDUP were used as the QC samples indicated.
- JA89405-1 for Dibromofluoromethane: Outside control limits due to matrix interference. Confirmed by reanalysis.

Matrix: SO **Batch ID:** VG6681

- All samples were analyzed within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA89817-2MS, JA89817-6DUP were used as the QC samples indicated.
- Matrix Spike Recovery(s) for 1,2,3-Trichlorobenzene, 1,2,4-Trichlorobenzene, 2-Chloroethyl vinyl ether, Acrolein, Benzene, Styrene are outside control limits. Outside control limits due to matrix interference.
- RPD(s) for Duplicate for Acetone, Benzene are outside control limits for sample JA89817-6DUP. High RPD due to low concentration of hit.
- JA89405-1 for Dibromofluoromethane: Outside control limits due to matrix interference.

Extractables by GCMS By Method SW846 8270D

Matrix: LEACHATE **Batch ID:** OP52653

- All samples were extracted within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA89529-1LS were used as the QC samples indicated.

Matrix: SO **Batch ID:** OP52632

- All samples were extracted within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA89904-10MS, JA89904-10MSD were used as the QC samples indicated.

Volatiles by GC By Method SW846 8015C

Matrix: SO	Batch ID: GPF2547
-------------------	--------------------------

- All samples were analyzed within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA89393-11MS, JA89393-11MSD were used as the QC samples indicated.

Matrix: SO	Batch ID: GPF2548
-------------------	--------------------------

- All samples were analyzed within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA89405-6MS, JA89405-6MSD were used as the QC samples indicated.

Extractables by GC By Method SW846 8015C

Matrix: SO	Batch ID: OP52618
-------------------	--------------------------

- All samples were extracted within the recommended method holding time.
- Sample(s) JA89405-2MS, JA89405-2MSD were used as the QC samples indicated.
- All method blanks for this batch meet method specific criteria.

Extractables by GC By Method SW846 8081B

Matrix: LEACHATE	Batch ID: OP52655
-------------------------	--------------------------

- All samples were extracted within the recommended method holding time.
- Sample(s) JA89529-ILS were used as the QC samples indicated.
- All method blanks for this batch meet method specific criteria.
- JA89405-10A for Tetrachloro-m-xylene: Outside control limits due to matrix interference.

Matrix: SO	Batch ID: OP52596
-------------------	--------------------------

- All samples were extracted within the recommended method holding time.
- Sample(s) JA88996-4MS, JA88996-4MSD, OP52596-MS1MSD were used as the QC samples indicated.
- All method blanks for this batch meet method specific criteria.
- JA89405-6 for 4,4'-DDE: Reported from 2nd signal. %D of end check (ECC) on 1st signal excess method criteria (20 %) so using for confirmation only.
- JA89405-2 for gamma-Chlordane: More than 40 % RPD for detected concentrations between the two GC columns.
- JA89405-10 for alpha-Chlordane: More than 40 % RPD for detected concentrations between the two GC columns.
- JA89405-10 for gamma-Chlordane: More than 40 % RPD for detected concentrations between the two GC columns.
- JA89405-12 for Decachlorobiphenyl: Outside control limits due to matrix interference.
- JA89405-10 for Decachlorobiphenyl: Outside control limits due to matrix interference.

Extractables by GC By Method SW846 8082A

Matrix: SO	Batch ID: OP52597
-------------------	--------------------------

- All samples were extracted within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA88996-4MS, JA88996-4MSD, OP52597-MS1MSD were used as the QC samples indicated.
- JA89405-12 for Decachlorobiphenyl: Outside control limits due to matrix interference.

Extractables by GC By Method SW846 8151

Matrix: LEACHATE	Batch ID: OP52678
-------------------------	--------------------------

- All samples were extracted within the recommended method holding time.
- Sample(s) JA89529-1LS were used as the QC samples indicated.
- All method blanks for this batch meet method specific criteria.

Matrix: SO	Batch ID: OP52695
-------------------	--------------------------

- All samples were extracted within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA89405-10MS, JA89405-10MSD were used as the QC samples indicated.
- Matrix Spike Duplicate Recovery(s) for Dichloroprop are outside control limits. Outside control limits due to matrix interference.
- OP52695-MSD for 2,4-DCAA: Outside control limits due to matrix interference.
- JA89405-4 for 2,4-DCAA: Outside of in house control limits, refer to re-extract.
- JA89405-6 for 2,4-DCAA: Outside control limits due to matrix interference.

Matrix: SO	Batch ID: OP52885
-------------------	--------------------------

- All method blanks for this batch meet method specific criteria.
- Sample(s) JA90916-1AMS, JA90916-1AMSD were used as the QC samples indicated.
- Blank Spike Recovery(s) for Dalapon are outside control limits. High percent recoveries and no associated positive found in the QC batch.
- Matrix Spike Recovery(s) for MCPP are outside control limits. Outside control limits due to matrix interference.
- Matrix Spike Duplicate Recovery(s) for MCPP, Dalapon, MCPA are outside control limits. Outside control limits due to matrix interference.
- RPD(s) for MSD for Dalapon, MCPA are outside control limits for sample OP52885-MSD. Outside control limits due to matrix interference.
- JA89405-4: Re-extracted for low surrogate recovery. originally prep date was within holding time.
- OP52885-BS1 for 2,4-DCAA: Double Spiked

Metals By Method SW846 6010C

Matrix: LEACHATE **Batch ID:** MP60876

- All samples were digested within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA89529-1MS, JA89529-1MSD, JA89529-1SDL were used as the QC samples for metals.
- RPD(s) for Serial Dilution for Arsenic, Chromium, Lead, Selenium are outside control limits for sample MP60876-SD1. Percent difference acceptable due to low initial sample concentration (< 50 times IDL).
- RPD(s) for Serial Dilution for Barium are outside control limits for sample MP60876-SD1. Serial dilution indicates possible matrix interference.

Matrix: SO **Batch ID:** MP60999

- All samples were digested within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA89398-1MS, JA89398-1SDL, JA89398-1MSD were used as the QC samples for metals.
- Matrix Spike Recovery(s) for Antimony are outside control limits. Spike recovery indicates possible matrix interference and/or sample nonhomogeneity.
- Matrix Spike Duplicate Recovery(s) for Antimony, Magnesium, Lead are outside control limits. Spike recovery indicates possible matrix interference and/or sample nonhomogeneity.
- Matrix Spike / Matrix Spike Duplicate Recovery(s) for Calcium, Manganese are outside control limits. Spike amount low relative to the sample amount. Refer to lab control or spike blank for recovery information.
- RPD(s) for MSD for Manganese, Cadmium, Calcium, Lead, Zinc are outside control limits for sample MP60999-S1. High rpd due to possible sample nonhomogeneity.
- RPD(s) for Serial Dilution for Silver, Thallium are outside control limits for sample MP60999-SD1. Percent difference acceptable due to low initial sample concentration (< 50 times IDL).
- RPD(s) for Serial Dilution for Arsenic, Iron, Manganese, Zinc are outside control limits for sample MP60999-SD1. Serial dilution indicates possible matrix interference.

Metals By Method SW846 7470A

Matrix: LEACHATE **Batch ID:** MP60906

- All samples were digested within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA89529-1MS, JA89529-1MSD were used as the QC samples for metals.

Metals By Method SW846 7471B

Matrix: SO **Batch ID:** MP61039

- All samples were digested within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA89409-18MS, JA89409-18MSD were used as the QC samples for metals.

Wet Chemistry By Method SM18 2540G

Matrix: SO **Batch ID:** GN57490

- The data for SM18 2540G meets quality control requirements.

Wet Chemistry By Method SW846 9012 M/LACHAT

Matrix: SO **Batch ID:** GP61181

- All samples were prepared within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA89405-4DUP, JA89405-4MS were used as the QC samples for Cyanide.

Matrix: SO **Batch ID:** GP61231

- All samples were prepared within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA88958-22RDUP, JA89405-12MS were used as the QC samples for Cyanide.

Wet Chemistry By Method SW846 9066 M/LACHAT

Matrix: SO **Batch ID:** GP61156

- All samples were prepared within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA89398-1DUP, JA89398-1MS were used as the QC samples for Phenols.
- Matrix Spike Recovery(s) for Phenols are outside control limits. Spike amount low relative to the sample amount. Refer to lab control or spike blank for recovery information.
- RPD(s) for Duplicate for Phenols are outside control limits for sample GP61156-D1. High RPD due to possible sample nonhomogeneity.

Wet Chemistry By Method SW846 CHAP7

Matrix: SO **Batch ID:** GN57606

- Sample(s) JA89405-2ADUP were used as the QC samples for Corrosivity as pH.

Wet Chemistry By Method SW846 CHAP7/9012 B

Matrix: SO **Batch ID:** GP61327

- All samples were prepared within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA90101-1DUP were used as the QC samples for Cyanide Reactivity.

Wet Chemistry By Method SW846 CHAP7/9034

Matrix: SO **Batch ID:** GP61326

- All samples were prepared within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JA90101-1DUP, JA90101-1MS were used as the QC samples for Sulfide Reactivity.

Wet Chemistry By Method SW846 CHAP7/ASTM D93

Matrix: SO **Batch ID:** GN57376

- Sample(s) JA89599-1DUP were used as the QC samples for Ignitability (Flashpoint).

Matrix: SO **Batch ID:** GN57620

- Sample(s) JA89405-2ADUP were used as the QC samples for Ignitability (Flashpoint).

Accutest certifies that data reported for samples received, listed on the associated custody chain or analytical task order, were produced to specifications meeting Accutest's Quality System precision, accuracy and completeness objectives except as noted.

Estimated non-standard method measurement uncertainty data is available on request, based on quality control bias and implicit for standard methods. Acceptable uncertainty requires tested parameter quality control data to meet method criteria.

Accutest Laboratories is not responsible for data quality assumptions if partial reports are used and recommends that this report be used in its entirety. Data release is authorized by Accutest Laboratories indicated via signature on the report cover

Sample Summary

Langan Engineering & Environmental

Job No: JB21922

400 Park Avenue South, New York, NY

Project No: 100271602

Sample Number	Collected Date	Time By	Received	Matrix Code	Type	Client Sample ID
JB21922-1	11/21/12	07:15 JF	11/21/12	SO	Soil	PE-1
JB21922-2	11/21/12	07:30 JF	11/21/12	SO	Soil	PE-2
JB21922-3	11/21/12	00:00 JF	11/21/12	SO	Soil	DUP-1
JB21922-4	11/21/12	07:40 JF	11/21/12	AQ	Field Blank Soil	FB-1

Soil samples reported on a dry weight basis unless otherwise indicated on result page.

CASE NARRATIVE / CONFORMANCE SUMMARY

Client: Langan Engineering & Environmental

Job No JB21922

Site: 400 Park Avenue South, New York, NY

Report Date 12/10/2012 6:12:06 P

On 11/21/2012, 3 Sample(s), 0 Trip Blank(s) and 1 Field Blank(s) were received at Accutest Laboratories at a temperature of 4 C. Samples were intact and chemically preserved, unless noted below. An Accutest Job Number of JB21922 was assigned to the project. Laboratory sample ID, client sample ID and dates of sample collection are detailed in the report's Results Summary Section.

Specified quality control criteria were achieved for this job except as noted below. For more information, please refer to the analytical results and QC summary pages.

Volatiles by GCMS By Method SW846 8260B

Matrix: AQ

Batch ID: V2A5517

- All samples were analyzed within the recommended method holding time.
- Sample(s) JB22527-3MS, JB22527-3MSD were used as the QC samples indicated.
- All method blanks for this batch meet method specific criteria.
- Matrix Spike Recovery(s) for Trichloroethene are outside control limits. Outside control limits due to matrix interference.
- Matrix Spike Duplicate Recovery(s) for Trichloroethene are outside control limits. Outside control limits due to matrix interference.

Matrix: SO

Batch ID: VA7110

- All samples were analyzed within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JB22020-7MS, JB22020-7MSD were used as the QC samples indicated.
- Matrix Spike Recovery(s) for 1,1,2,2-Tetrachloroethane, 1,2,4-Trichlorobenzene, 1,2-Dichlorobenzene, 1,3-Dichlorobenzene, 1,4-Dichlorobenzene, Chlorobenzene, Ethylbenzene, Freon 113, Isopropylbenzene, m,p-Xylene, o-Xylene, Styrene are outside control limits. Outside control limits due to matrix interference.
- Matrix Spike Duplicate Recovery(s) for 1,2,4-Trichlorobenzene, 1,2-Dichlorobenzene, 1,3-Dichlorobenzene, 1,4-Dichlorobenzene, Chlorobenzene, Ethylbenzene, Isopropylbenzene, m,p-Xylene, o-Xylene, Styrene are outside control limits. Outside control limits due to matrix interference.
- RPD(s) for MS/MSD for 1,1,2,2-Tetrachloroethane, Carbon tetrachloride, Dichlorodifluoromethane, Freon 113 are outside control limits for sample JB22020-7MSD. Outside control limits due to matrix interference.

Extractables by GCMS By Method SW846 8270D

Matrix: AQ

Batch ID: OP61534

- All samples were extracted within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JB21551-11MS, JB21551-11MSD were used as the QC samples indicated.

Matrix: SO

Batch ID: OP61548

- All samples were extracted within the recommended method holding time.
- Sample(s) JB21922-1MS, JB21922-1MSD were used as the QC samples indicated.
- All method blanks for this batch meet method specific criteria.

Metals By Method SW846 6010C

Matrix: AQ **Batch ID:** MP68200

- All samples were digested within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.

Matrix: SO **Batch ID:** MP68212

- All samples were digested within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JB22672-1MS, JB22672-1MSD, JB22672-1SDL were used as the QC samples for metals.
- Matrix Spike Recovery(s) for Aluminum, Antimony are outside control limits. Spike recovery indicates possible matrix interference and/or sample nonhomogeneity.
- Matrix Spike Duplicate Recovery(s) for Antimony are outside control limits. Spike recovery indicates possible matrix interference and/or sample nonhomogeneity.
- RPD(s) for Serial Dilution for Antimony, Arsenic, Cadmium, Selenium, Silver are outside control limits for sample MP68212-SD1. Percent difference acceptable due to low initial sample concentration (< 50 times IDL).
- MP68212-SD1 for Zinc: Serial dilution indicates possible matrix interference.
- MP68212-SD1 for Sodium: Serial dilution indicates possible matrix interference.
- MP68212-SD1 for Iron: Serial dilution indicates possible matrix interference.
- MP68212-SD1 for Calcium: Serial dilution indicates possible matrix interference.

Metals By Method SW846 7470A

Matrix: AQ **Batch ID:** MP68274

- All samples were digested within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.

Metals By Method SW846 7471B

Matrix: SO **Batch ID:** MP68262

- All samples were digested within the recommended method holding time.
- All method blanks for this batch meet method specific criteria.
- Sample(s) JB21900-6ABMSD, JB21900-6ABMS were used as the QC samples for metals.
- Matrix Spike Recovery(s) for Mercury are outside control limits. Spike recovery indicates possible matrix interference and/or sample nonhomogeneity.
- Matrix Spike Duplicate Recovery(s) for Mercury are outside control limits. Spike recovery indicates possible matrix interference and/or sample nonhomogeneity.

Wet Chemistry By Method ASTM 4643-00

Matrix: SO **Batch ID:** GN75828

- The data for ASTM 4643-00 meets quality control requirements.

Accutest certifies that data reported for samples received, listed on the associated custody chain or analytical task order, were produced to specifications meeting Accutest's Quality System precision, accuracy and completeness objectives except as noted.

Estimated non-standard method measurement uncertainty data is available on request, based on quality control bias and implicit for standard methods. Acceptable uncertainty requires tested parameter quality control data to meet method criteria.

Accutest Laboratories is not responsible for data quality assumptions if partial reports are used and recommends that this report be used in its entirety. Data release is authorized by Accutest Laboratories indicated via signature on the report cover

Accutest Laboratories Sample Receipt Summary

Accutest Job Number: JB21922 **Client:** _____ **Project:** _____
Date / Time Received: 11/21/2012 **Delivery Method:** _____ **Airbill #'s:** _____

Cooler Temps (Initial/Adjusted): #1: (4/4); 0

<u>Cooler Security</u>	<u>Y or N</u>		<u>Y or N</u>
1. Custody Seals Present:	<input checked="" type="checkbox"/> <input type="checkbox"/>	3. COC Present:	<input checked="" type="checkbox"/> <input type="checkbox"/>
2. Custody Seals Intact:	<input checked="" type="checkbox"/> <input type="checkbox"/>	4. SmpI Dates/Time OK	<input checked="" type="checkbox"/> <input type="checkbox"/>

<u>Cooler Temperature</u>	<u>Y or N</u>
1. Temp criteria achieved:	<input checked="" type="checkbox"/> <input type="checkbox"/>
2. Cooler temp verification:	IR Gun
3. Cooler media:	Ice (Bag)
4. No. Coolers:	1

<u>Quality Control Preservation</u>	<u>Y</u>	<u>or</u>	<u>N</u>	<u>N/A</u>
1. Trip Blank present / cooler:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Trip Blank listed on COC:	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Samples preserved properly:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. VOCs headspace free:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<u>Sample Integrity - Documentation</u>	<u>Y</u>	<u>or</u>	<u>N</u>
1. Sample labels present on bottles:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Container labeling complete:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Sample container label / COC agree:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<u>Sample Integrity - Condition</u>	<u>Y</u>	<u>or</u>	<u>N</u>
1. Sample recvd within HT:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. All containers accounted for:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
3. Condition of sample:	Intact		

<u>Sample Integrity - Instructions</u>	<u>Y</u>	<u>or</u>	<u>N</u>	<u>N/A</u>
1. Analysis requested is clear:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Bottles received for unspecified tests	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Sufficient volume recvd for analysis:	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4. Compositing instructions clear:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
5. Filtering instructions clear:	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>

SERIAL DILUTION RESULTS SUMMARY

Login Number: JB21922
Account: LANGAN - Langan Engineering & Environmental
Project: 400 Park Avenue South, New York, NY

QC Batch ID: MP68212
Matrix Type: SOLID

Methods: SW846 6010C
Units: ug/l

Prep Date:

Metal

Zirconium

Associated samples MP68212: JB21922-1, JB21922-2, JB21922-3

Results < IDL are shown as zero for calculation purposes

(*) Outside of QC limits

(anr) Analyte not requested

(a) Percent difference acceptable due to low initial sample concentration (< 50 times IDL).

(b) Serial dilution indicates possible matrix interference.

APPENDIX G

Sustainability Report

SUSTAINABILITY REPORT

The implemented Remedial Action Work Plan provided for sustainable remediation and redevelopment through a variety of means that are defined in this Sustainability Report.

Reuse of Clean, Recyclable Materials. Reuse of clean, recyclable materials reduces consumption of non-renewable virgin resources and can provide energy savings and greenhouse gas reduction since these materials can be locally-derived.

Of the material excavated from the site, 18,977 tons of native, clean soil was beneficially re-used as cap material on a nearby brownfield site.

Recontamination Control. Recontamination after cleanup and redevelopment is completed undermines the value of work performed, may result in a property that is less protective of public health or the environment, and may necessitate additional cleanup work later that could impede future redevelopment. Recontamination can arise from future releases that occur within the property or by influx of existing contamination from off-Site.

The area of the Site that utilizes recontamination controls under this plan is 100% of the property footprint or 19,275 square feet. Recontamination control from offsite sources of soil vapor is provided by the vapor barrier system and the composite cover provides mitigation against recontamination from exposure to residual soil/fill remaining on Site.

Storm-water Retention. Storm-water retention improves water quality by lowering the rate of combined storm-water and sewer discharges to NYC's sewage treatment plants during periods of precipitation, and reduces the volume of untreated influent to local surface waters.

Due to the size of the Site, storm-water retention measures were not required by the Department of Buildings and therefore not installed.

Paperless Brownfield Cleanup Program. ET 400 PAS, LLC participated in OER's Paperless Brownfield Cleanup Program. Under this program, submission of electronic documents replaced submission of hard copies for the review of project documents, communications and milestone reports. It is estimated that 25 pounds of paper were conserved using this program.

Low-Energy Project Management Program. ET 400 PAS, LLC participated in OER's low-energy project management program. Under this program, whenever possible, meetings were held using remote communication technologies, such as videoconferencing and

teleconferencing to reduce energy consumption and traffic congestion associated with personal transportation. It is estimated that 150 miles of personal transportation were avoided using this program.

Trees and Plantings. Trees and other plantings provide habitat and add to NYC's environmental quality in a wide variety of ways. Native plant species and native habitat provide optimal support to local fauna, promote local biodiversity, and require less maintenance.

Landscaped courtyards occupy more than 1,577 square feet of the Site along the residential and retail entrances on Park Avenue and 28th Street.
