TLC CHANGING UPLOAD TIME OF CURRENT LICENSEE LISTS

In response to requests from members of our regulated industries, starting Monday, September 13, 2010, the New York City Taxi and Limousine Commission (TLC) will be changing the time when the Current Licensee Lists will be updated on our web site.

Starting on Monday September 13, 2010 updates to the Current Licensees section of the TLC's Web site will be done at approximately 3 p.m. instead of the current time of between 10 and 11 a.m.

The Current Licensees section of the Web site may be accessed at:

http://www.nyc.gov/html/tlc/html/current/current_licensees.shtml

This section should be checked daily to determine if a licensee has a current license and is allowed to provide service.

This change will not affect the update time for the list of TLC licensees whose NYS DMV issued drivers licenses or vehicle registrations have been reported to us as having been suspended or revoked. These lists will continue to be posted at approximately 7:00 a.m. each weekday morning.
