### TLC-Licensed Medallion Taxicab Drivers May Participate in Pilot Program

Today, the Taxi and Limousine Commission (TLC) approved the second pilot participant in the e-hail pilot program: **Hailo Network USA, Inc.**

Hailo joins Uber Technologies, Inc., which was previously approved as a pilot participant.

The TLC would also like to remind all industry participants that only licensed medallion taxi drivers in licensed medallion taxicabs may use this app (or any subsequently-named e-hail apps) in compliance with the e-hail pilot resolution, which can be found on the TLC website at

As pilot participants are named, TLC will issue additional industry notices. A current list of approved e-hail pilot participants can be found at
