TLC ANNOUNCES MEDALLION VEHICLE RETIREMENT EXTENSION

In light of recent litigation, which has postponed the Official Taxicab Vehicle (OTV) Activation Date, the New York City Taxi and Limousine Commission (TLC) will extend the retirement dates of those vehicles scheduled to retire before June 30, 2015.

All Taxicab vehicles with retirement dates scheduled April 20, 2015 to June 29, 2015 will receive a new retirement date of June 30, 2015. Owners may continue operating their existing vehicles until the first scheduled inspection on or after June 30, 2015.

All Taxicab vehicles must continue to appear for and pass all scheduled inspections.
