JOB DESCRIPTION

The New York City Taxi and Limousine Commission (TLC) is the City agency responsible for oversight of the for-hire vehicle industries in New York City including yellow medallion taxis, community car services and livery cars, black car services, luxury limousines, commuter vans and paratransit services. Combined, the TLC regulates industries that are responsible for over 500,000 daily trips, serving over 1,000,000 passengers. Our role is to ensure that each passenger's riding experience is safe, comfortable and convenient. The TLC's Licensing and Standards Division is responsible for the review and credentialing of all members of TLC-regulated industries ranging from yellow taxi drivers to commuter van base owners. In total, there are 14 different license types with over 125,000 licensees managed by the Division. The Division is responsible for developing and setting applicant standards, accepting and evaluating applicant submissions and ensuring that licensees maintain the high standards of conduct established by the TLC through proactive compliance monitoring of licensing requirements.

Under supervision, with some latitude for independent judgment, receives training in and assists in professional and technical work in the preparation, administration and procedural studies and analyses of the organization and operations of the Agency, and in the monitoring and enhancement of the Agencies compliance efforts, performs related work. The position requires the knowledge and use of computers and the daily use of access databases to manage the relevant data. A basic understanding of access query structure would be of benefit to the prospective applicant seeking to fill this position but is not required. Specific responsibilities will include:

- Working with Division Director and Unit supervisor to develop tracking and compliance reporting for the purpose of identifying licenses who have not maintained compliance with TLC Rules and regulations. This will include maintaining Access databases and managing the associated data for menu driven reports and queries. Applicant will ensure that the data is refreshed per schedule as deemed appropriate so that data is kept current and will generate accurate reports based upon said data. High volume of data entry work will be required.
- Working with Division Director, Unit Supervisor, and Division staff in developing statistical reporting that identifies significant changes in the process, trends and potential issues to better help the division manage its workload and meets the reporting requirements CPR.
- Monitor and track responses on issued Directives in systems designed to track compliance and coordinate with legal and USB on non-compliance. Some data entry work will be required. Managing the day-to-day aspects of various special projects and assisting in assessing both impact and effectiveness.
- Assists in the conduct of surveys and studies, in collecting and analyzing data on the operations of the Division and in working with senior division management in helping to develop and make recommendations for improved efficiency.
- Assisting the Deputy Commissioner/Assistant Commissioner/senior division management in operational and policy oversight.
